

SNOW DAY *in* **SCHROON**

CARDBOARD SLED CONTEST RULES

- 1. Sled entries must arrive by 2:00pm for judging. Downhill races will begin at 2:30pm.**
- 2. Sleds may be constructed of cardboard, PVC, tape, glue, string, inner tubes, rope, etc. No part of the sled may contain any wood or metal (this includes fasteners, nails or screws).**
- 3. No part of the sled may be made of items originally manufactured for sledding purposes. It is acceptable to use tires or inner tubes.**
- 4. The only permissible material on the bottom of the sled (what will touch the snow) is cardboard. A wax coating and/or tape are permissible. This is a safety policy as other materials can accelerate the sled to an unsafe speed.**
- 5. All construction guidelines must be followed completely in order to be entered in the design and downhill competitions.**
- 6. Design Competition Guidelines: Sleds are judged on originality, complexity, and appearance.**
- 7. Race Competition Guidelines: Sleds are timed for fastest to reach the finish line. There is a maximum of five people allowed per sled.**
